5-10 SEPTEMBER  
Hiking – Chamonix

### ACCESS TO PATHNORTH ACTIVITIES

---

For the past five years, PathNorth has been one of our partner companies at the Chamonix Summit of Minds. Adam Kaufman – its executive-in-residence who over the years has become a close friend - has generously agreed to offer MB100 members access to all PathNorth activities. Please have a look at their calendar and let Adam know if you are tempted to join them at any time.

NB: Some Ideas dinners will be preceded by something 'special', like: (1) a visit of the Parliament in London (parliamentary agenda permitting), (2) a climb in Chamonix with guides from our partner company - Mountain Path, (3) a tasting of exceptional wines at the Château of the Picard family (our host in Burgundy). In addition, some other activities under discussion may be added as we move forward: in particular an Ideas' dinner in Tel Aviv and Dubai, and a Latvian Summit of Minds held in conjunction with the Riga Music Festival at the end of August. Others will follow. Don't hesitate to propose some!

As our MB100 community is continuing to grow, we look forward to keeping you up to date about getting involved. Remember that, at any time, you can take advantage of one of its key benefits: personalized introductions to any member of the 3,000+ top-level global network of the Monthly Barometer.

Thank you for being part of the MB100 community!
